

National Drug Code (NDC) Billing Guidelines

Blue Cross and Blue Shield of Montana (BCBSMT) requires the use of National Drug Codes (NDCs) and related information, such as Healthcare Common Procedure Coding System (HCPCS) and Current Procedural Terminology (CPT®), when drugs are billed on **professional/ancillary** electronic (ANSI 837P) and paper (CMS-1500) claims.

This information is required to be submitted on outpatient claims (effective May 1, 2018) when NDC details are needed on **institutional/facility** electronic (ANSI 837I) and paper (UB-04) claims. This includes drug-related Revenue Codes to report drug products used for services rendered at medical outpatient facilities as well as unlisted HCPCS/CPT codes that require additional NDC information.

Examples of revenue codes that may require detailed coding are: 630 (DRUGS REQUIRING SPECIFIC IDENTIFICATION, GENERAL STANDARD ABBREVIATION: DRUGS) and 636 (DRUGS REQUIRING DETAILED CODING STANDARD ABBREVIATION: DRUGS/DETAIL CODE). Examples of unlisted HCPCS/CPT code descriptions that require additional NDC information are: J3490 (UNCLASSIFIED DRUGS) or C9399 (UNCLASSIFIED DRUGS OR BIOLOGICALS).

Providers should refer to their contract and applicable compensation policies for additional revenue codes that may not be listed above but are required to be submitted on claims with corresponding HCPCS/CPT or revenue codes that require NDC.

Where do I find the NDC?

The NDC is usually found on the drug label or medication's outer packaging. If the medication comes in a box with multiple vials, using the NDC on the box (outer packaging) is recommended. The number on the packaging may be less than 11 digits. An asterisk may appear as a placeholder for any leading zeros. The container label also displays information for the unit of measure for that drug. Listed below are the preferred NDC units of measure with examples:

- **UN** (Unit) – Powder-filled vials for injection (needs to be reconstituted), pellet, kit, patch, tablet, device
- **ML** (Milliliter) – Liquid, solution, or suspension
- **GR** (Gram) – Ointments, creams, inhalers, or bulk powder in a jar
- **F2** (International Unit) – Products described as IU/vial, or micrograms

How do I submit the NDC on my claim?

Here are some quick tips and general guidelines to assist you with proper submission of valid NDCs and related information on electronic and paper claims:

- The NDC must be submitted along with the applicable HCPCS/CPT code(s) and the number of HCPCS/CPT units.
- The NDC must follow the 5digit4digit2digit format (11-digit billing format, with no spaces, hyphens or special characters). If the NDC on the package label is less than 11 digits, a leading zero must be added to the appropriate segment to create a 5-4-2 configuration.
- The NDC must be active for the date of service.
- Also include the **NDC qualifier, number of NDC units and NDC unit of measure**. [Note: BCBSMT allows up to three decimals in the NDC Units (quantity or number of units) field. Failure to include appropriate decimals in the NDC units field may lead to incorrect payments subject to review or audit. As a reminder, you also must include your billable charge.]

PROFESSIONAL AND INSTITUTIONAL ELECTRONIC CLAIM GUIDELINES (ANSI 837P and ANSI 837I)

Field Name	Field Description	Loop ID	Segment
Product ID Qualifier	Enter N4 in this field.	2410	LIN02
National Drug Code	Enter the 11-digit NDC billing format assigned to the drug administered.	2410	LIN03
National Drug Unit Count	Enter the quantity (number of NDC units)	2410	CTP04
Unit or Basis for Measurement	Enter the NDC unit of measure for the prescription drug given (UN, ML, GR, or F2)	2410	CTP05

Note: The total charge amount for each line of service also must be included for the Monetary Amount SV102 Segment, 2400 loop.

(Continued on Page 2)

PROFESSIONAL PAPER CLAIM GUIDELINES (CMS-1500)

In the *shaded portion* of the line-item field 24A-24G on the CMS-1500, enter the qualifier **N4 (left-justified)**, immediately followed by the NDC. Next, enter one space for separation, then enter the appropriate qualifier for the correct dispensing unit of measure (**UN, ML, GR, or F2**), followed by the quantity (number of NDC units up to three decimal places), as indicated in the example below.

INSTITUTIONAL PAPER CLAIM GUIDELINES (UB-04)

In the line-item field 42-46, enter the appropriate drug-related revenue code in field 42. In field 43, report the NDC qualifier **N4 (left-justified)**, immediately followed by the 11-character NDC in the 5-4-2 format (no hyphens). Immediately after the last digit of the NDC, enter the appropriate qualifier for the correct package size, NDC unit of measure (UN, ML, GR, or F2), followed by the quantity (number of NDC units up to three decimal places), as indicated in the example below.

The reimbursement schedule will be posted on the BCBSMT secure portal within seven days of the monthly effective date. You also may submit a [BCBSMT NDC Reimbursement Schedule Request form](#), available in the Provider Forms section of our website at <https://www.bcbsmt.com/provider/education-and-reference/forms-and-documents>.

Contracted providers may access the NDC Reimbursement Schedule through Blue Access for ProvidersSM, our secure provider site. To register or log on to Blue Access for Providers, look for the **National Drug Codes (NDCs): Billing Resources** box on our Provider website homepage at bcbsmt.com/provider.

Note: Reimbursement for discarded drugs applies only to single-use vials. Multi-use vials are not subject to payment for discarded amounts of the drug
